Trend Lab L.L.C. Introduces Plush Collection

Minneapolis, MN – DECEMBER 28, 2009 - Trend Lab, LLC launches new plush line to coordinate with bedding and gift collections.

Available now are the Chibi Zoo plush, which coordinate with our new Chibi Zoo nursery and gift collection.

Chibi is defined in the Urban Dictionary as a Japanese anime word describing endearingly cute little characters with oversized heads and big engaging eyes. Our anime-influenced Chibi Zoo babies are made from incredibly soft 100% polyester velour, embellished with embroidery and filled with fluffy polyester fibers. Approximately 10" tall with big eyes, each character has their animal name in Japanese embroidered on the bottom of one foot.

Our Chibi Zoo Babies are so cute that you will enjoy them as much as your little one does! Available animals: Zou (elephant), Tora (tiger), Saru (monkey), Kirin (giraffe), Kaba (hippo), and Shimauma (zebra).
